Police Activity in Chisholm Valley Subdivision,
November 2009 - April 2010

NOTES

   This map shows the streets included in the analysis. A portion of the 400 and 700 blocks of Chisholm Valley Drive outside the subdivision is included for ease of analysis, as is a portion of the 1800 block of Wagongap Drive. The service drive at the far north end of the subdivision and the portion of the interstate frontage road fronting on the subdivision also is excluded due to the structure of the data.

   The data source for this analysis is the Police Department's Computer-Aided Dispatch database; these data are drawn from information police dispatchers enter into the computer as calls occur. That being said, the information presented here represents how the original calls came into dispatch and not their final disposition. Thus, some care should be exercised in interpreting these results.
   Animal Control and traffic calls are screened from the analysis.

   Questions regarding these results, the data source or this report should be directed to:
